# HALLMARK 1974

ROWLAND HALL - ST. MARK'S SCHOOL  
205 FIRST AVENUE  
SALT LAKE CITY, UTAH

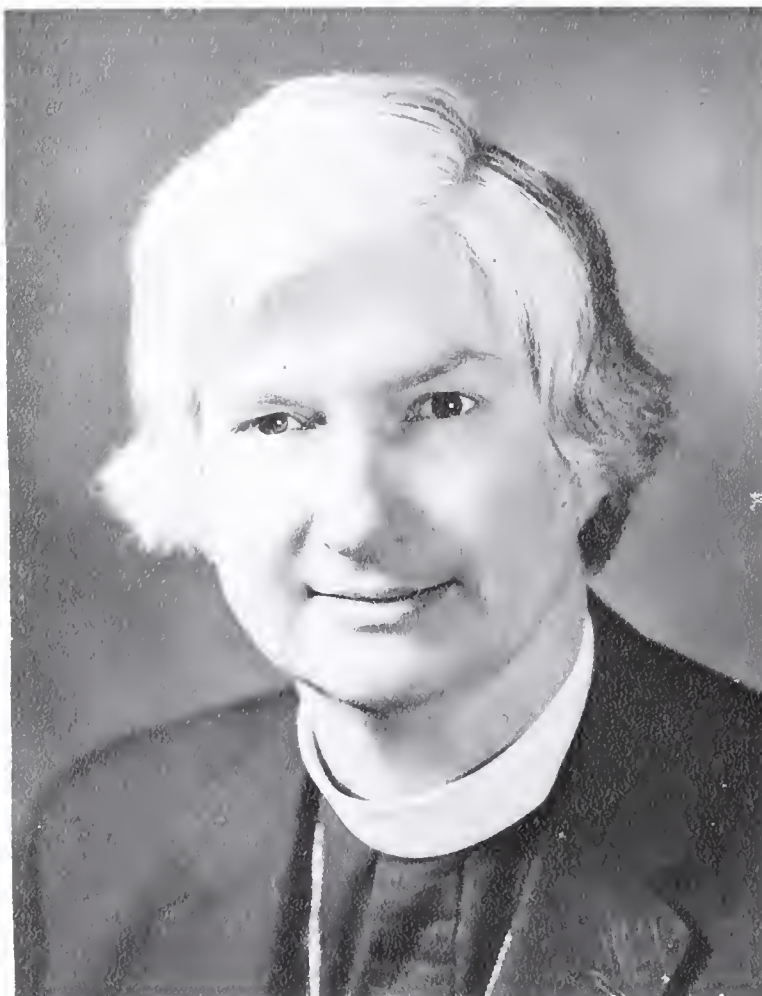

"There is a time in every man's education when he arrives  
at the conviction that envy is ignorance and imitation  
is suicide . . ."

Emerson

**The Rt. Rev. Otis Charles**  
 Bishop, Episcopal Diocese  
 of Utah  
 Chairman RHSM Board of  
 Trustees

Since becoming Episcopal Bishop of Utah in the fall of 1971, Bishop Otis Charles has been associated with many phases of RHSM. In addition to his traditional role as Chairman of the Board of Trustees, he is concerned with coordination of chapel services and is an avid supporter of school activities.

#### **MEMBERS OF THE BOARD OF TRUSTEES, 1973-1974**

 The Rt. Rev. Otis Charles

William M. Purdy

Rowland Hall-St. Marks depends on Mr. Purdy, as headmaster, for its strength and growth. However, Mr. Purdy is much more than an administrator. Not only is he deeply interested in geology and history, but he is also a camping freak and a motorcycle fanatic! He recognizes the value of every student's individual modes of expression, thereby giving them strength and support.

Mr. Koetter's "official" role is that of Dean of Admissions, but that is only part of his overall contribution to RHSM. He is responsible for the coordination of upper school classes, faculty, and students. He is a math teacher, a college advisor and a senior class sponsor. What other Dean of Admissions can think up a pun, fix a schedule, and remove his vest while still in his jacket, all in five minutes?

**Mr. Michael G. Koetter**

**Captain C. W. "Moose" Smith**

Captain Smith has taken on the added responsibility of being Dean of Students this year. He is responsible for keeping the school in "ship shape" and his watchful eye keeps us in line (and in uniform). He takes a genuine interest in Rowland Hall-St. Marks and the students within.

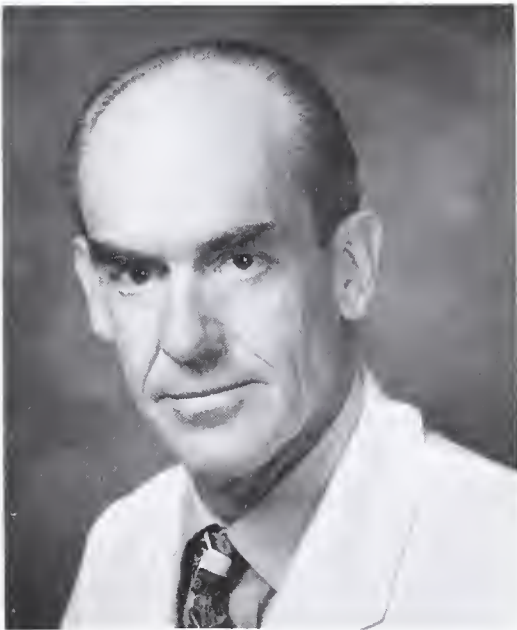

**Capt. C. W. Smith**  
Chairman Math and Science Division

**Robert Cooley**  
Natural Science

**MATH AND SCIENCE DEPARTMENT** - The math and science department is constantly broadening its realms by including field trips, advanced classes, and many other things to set the foundation for mathematical and scientific minds. Each student is given the opportunity to pursue individual interests.

The Science Fair, sponsored by the math and science departments, is one of the high points in the academic year. It gives students the chance to combine creativity with the knowledge they have received.

**Lyman Lewis**  
Physical Science

**M. G. Koetter**  
Mathematics

**Rebecca Turpin**  
Mathematics and General Science

**Mrs. Mary Clark**  
Chairman Humanities Division

**HUMANITIES DEPARTMENT** - The humanities department has been a veritable treasure chest this year, offering more than enough to each student. Innovative new programs, such as the American Film Theater have been exciting and enriching ways of learning. Mini courses, Model United Nations, forensics, and many other aspects of the humanities department have given each student a way to express themselves.

**FINE ARTS AND PHYSICAL EDUCATION** - The fine arts department offers creative outlets for many students through ceramics, studio arts, crafts and music. Under the direction of Mr. Fox, art students have designed sets for the all-school play, been filmed for a television program, decorated the school—as well as creating individual masterpieces.

Mr. Meyers teaches music seminars, and is also responsible for developing a truly inspirational choir which has brought light into the lives of many.

The physical education program for the 7th through 10th grades has gone beyond the boundaries of RHSM this year to include the use of the Desert Gym. Students are free to use the facilities at the gym, a pleasant alternative to routine gym classes.

# STAFF

THE STAFF - Where would we be if it weren't for the behind the scenes support of the entire staff? Whether they be driving, cooking, repairing, or cleaning, they keep the school running with some semblance of order.

Rowland Hall-St. Marks has been many different things to each of us. From seventh grade through our senior year we share its spirit and are part of the greater community of the school, bringing to it our individual needs and talents. Because of the unique quality of our school, we are able to learn and grow in an environment which provides for our individual development through various modes of expression.

In such a fantastic and dangerous world, we will not find answers in old dogmas, by repeating outworn slogans, or fighting on ancient battlegrounds against fading enemies long after the real struggle has moved on.

## EARLY GRADUATION

RHSM provides a way for students to fulfill requirements at their own rate, hence, Amy Onnen has fulfilled her requirements and graduated at the semester and Francine Pullman will graduate with the class of 1974.

Francine Gay Pullman

# STUDENT BODY

THE JUNIOR CLASS - The junior class has emerged (submerged?) this year with a special kind of unity, working together as a class, with each member retaining his or her distinctive characteristics. As a group they form a piquant blend of individuality, expressing themselves independently, yet still capable of learning from one another. It is this that will help them immensely next year when their influence as seniors becomes important to the entire upper school.

THE SOPHOMORE CLASS - With a great deal of charm and finesse, the tenth graders have contributed greatly to the lifestyle of the entire school. Their smashing hick style luncheon, for example, was the highlight of the Bazaar. Their involvement in forensics, Model United Nations, acting, soccer and tennis—as well as their contributions in class—make them a group that is well liked and well respected by both teachers and students.

# FRESHMAN CLASS

THE FRESHMAN CLASS - Being a freshman at RHSM offers much more than being in the ninth grade at a typical junior high school—the chance to become involved with some of the more meaningful and exciting aspects of high school that a junior high does not offer. This year's freshmen have put that advantage to good use. They have proven themselves to be able leaders, eloquent orators, compassionate actors, and illustrious hot doggers. They work well together as a class, and have organized such things as assemblies and the re-establishment of a ski team.

# EIGHTH GRADE

Steven Bauter

THE EIGHTH GRADE - The eighth grade, the largest and by far the "goofiest" class in the Upper School, is made up of a rich variety of talents, interests, and growing personalities. An abundance of energy and school spirit has made this a class of "doers", involved in social activities, music, government, skiing . . . and they have even been known to study on occasion!

THE SEVENTH GRADE - The seventh graders have not only "survived their first year", as they put it, they have gained and contributed immensely. They have had their first taste of the excitement and responsibility of Upper School through their involvement with the bazaar, camping trips, social activities and student government. They are all eager to return next year to relinquish their titles as "our little ones".

# CHAPEL

Chapel has gone through some major changes this year. Attendance at services is no longer mandatory, but remains available for those of us who wish to attend Friday communion, and is still an integral part of the RHSM tradition. The Chapel Committee is responsible for the maintenance of the chapel and the overall smoothness of the service. The members include Senior Crucifer, Marci Hackett, Junior Crucifer, Kristian Hammond, and Acolytes Drew Purdy, Alex Walker, Justin Blackmore, J.T. Gill, Steve Bauter, Rusty Chobot, Lawrence Mason and Knox Fitzpatrick.

Rev. Walter C. Ellingson has been a valued member of the RHSM community since his arrival in early 1973, serving as chaplain, friend, teacher and counselor. Through his interest and enthusiasm, Father Walt has contributed a great deal to our way of life, and has made chapel services more meaningful to the student body.

Father Walter C. Ellingson

The Boarding Department is headed this year by houseparents Richard and Rebecca Turpin, with the invaluable assistance of Mr. Meyers and Miss Rice.

# BOARDING DEPARTMENT

THE BOARDING DEPARTMENT - The Turpins and 24 students turned this year's Boarding Department into one of the most individually expressive areas in the school. Stark, unoccupied bedrooms were transformed into unique expressions of each occupants' personality. This is also the largest B.D. we've had yet, students hail from such exotic places as Arizona, Idaho, Washington, Saudi Arabia, Rhode Island, Thailand, Wyoming, California, Korea, Colorado and Nicaragua.

**THE SOCCER TEAM** - This year's soccer team is the strongest team that RHSM has seen in years! Operating as a coordinated unit under the leadership of Christopher Clark, coach; Jim Ure, defensive captain; and Rogers Skien, offensive captain; the team drove its way into the State Finals with a 4 to 2 victory over Murray. At the time of publication, the final tournaments have not yet been played. But no matter the final outcome of the games, the soccer team has shown what spirit, teamwork, and green shorts can accomplish.

**THE TENNIS TEAM** - Our newly formed RHSM tennis team has done surprisingly well in its first spring. Under the guidance of Captain Smith, the team has played several interscholastic matches, playing both doubles and singles.

**STUDENT GOVERNMENT** - Our unique system of government operates so that each class and each individual has a voice. It is divided into five committees with the chairman of each, along with Mr. Koetter and Mr. Purdy forming the Executive Committee. The chairmen are: Marci Hackett, Human Relations; Jim Ure, Education; Knox Fitzpatrick, Finance; Jon Geldzahler, Ad Hoc; and Alice Clark, Activities.

## SOCIAL

**Left to right:** Robert Cooley, Anne Chavre, J. T. Gill. **Not shown:** Alice Clark, J. T. Gill, Roslyn Dupler, Katie Coles, Drew Purdy, Doug Arnold.

# CLUBS

CLUBS - Mondays, Wednesdays and Thursdays during activity period students have gotten together to form clubs. This provides the opportunity for students to take a mid-morning breather doing the things that they REALLY enjoy, ranging from singing to mountain climbing. Clubs include Thespians, mountaineering, bridge, classical music, French, audio visual, chess, geology, and choir.

THESPIANS: Alice Clark, Marci Hackett, Mrs. Clark, sponsor; Sarah Barsness, Garth Gwinn, Alex Walker, Bob Rankin, Sarah Ellingson, John Dreyfous, and Tim Bradford.

CHESS: Louis Sannella, David Larson, Bill King, Major Johnson, Dan Busey, Craig Ross, Mattson Shepard, Gibby Shelton, Martin Houck, Bobby Young, John Dreyfous, Lauren Glasgow, and Emili Miura. **Not shown:** Capt. Smith, sponsor.

GEOLOGY: Tom Blackwell, Bob Emmett, Craig Ross, Doug Smith, Doug Arnold, Steve Kerr, and Mr. Purdy, sponsor.

MOUNTAINEERING: Shaun McCarthy, Tom Hartford, Alex Robinson, Joe Sannella, Alan Youngblood, John Stringham, John Dreyfous, Todd Liddle, J. T. Gill, Drew Purdy. **Now shown:** Mr. Lewis, sponsor.

# CHOIR

Brent Meyers led his group of musical wonders to deeper lows and steeper highs than they had ever reached before. With each individual showing his ability to climb the scales, the group made cameo appearances at such world renowned places as The Chapel, St. Mary's in Provo, and St. Marks Cathedral, only to further another aspect of RHSM expression. Members include: Emily Smith, Caron Saltz, Lesele Rose, Les Blackner, Jeni Wait, Leslie Stringham, Laurie Newman, Barbara Ure, Roberta Graham, David Raybould, Duncan Rowley, Jim Ure, Joe Tucker, Kris Hammond, Lawrence Mason, Knox Fitzpatrick.

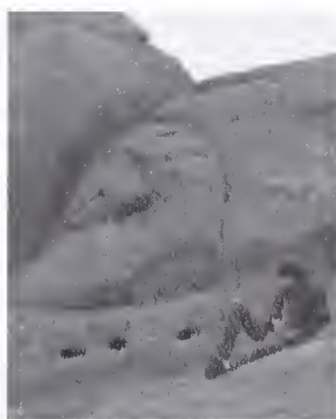

# ALL SCHOOL PLAY

THE ALL SCHOOL PLAY - Several RHSM students burst into stardom in their production of "The American Dame" in December. Under the direction of Mary Clark, students involved themselves in all aspects of the theater, with the invaluable assistance of Mrs. White, Father Walt, Mr. Cooley, and Mr. Fox.

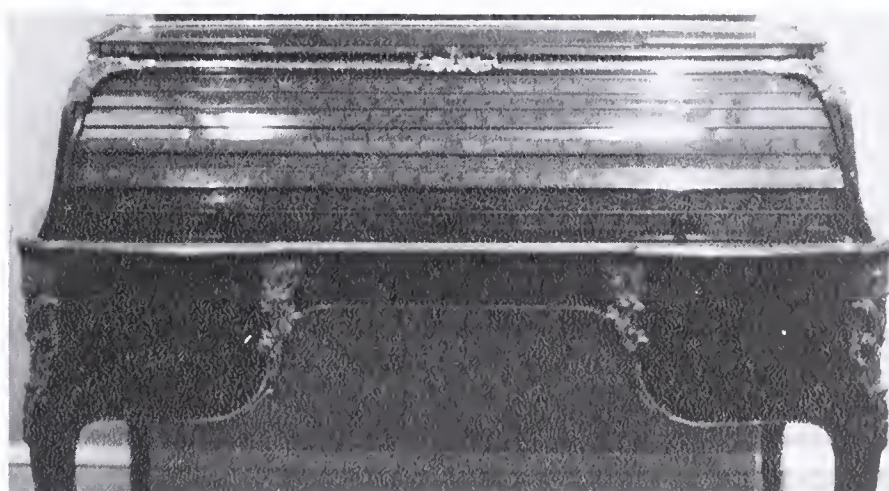

# SCHOOL TRIPS

One of the advantages of RHSM is the abundance of camping and field trips taken during the year. This year our students visited Arches National Monument, Sheep Creek (pronounced "crik") and Canyonlands National Park. Also, biology instructor Robert Cooley conducted several field trips, for members of his various classes, to Mexico, the San Raphael Swell, and to local ponds, lakes, and streams. Activities such as these provide valuable enrichment and experience to supplement the regular classroom work.

# SAN FRANCISCO TRIP

Last February, Mr. Koetter, Mr. Shipley, Mrs. Mulder and 21 lusty adventurous students boarded Amtrak, bound for San Francisco. The plays, the music, the sea, the nights, the sights and the inside jokes were memorable, and getting to know each other made the trip genuinely worthwhile.

MODEL UNITED NATIONS - " . . . to reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal rights of men and women of nations large and small, . . . and for these ends to practice tolerance and live together in peace with one another as good neighbors . . .". It is to be understanding and promoting of these principles as stated in the U. N. Charter that the students in the MODEL UNITED NATIONS dedicate themselves.

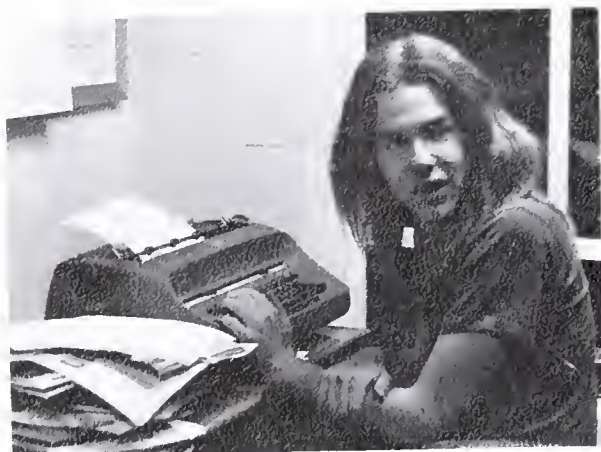

This year RHSM represents Albania. Members include Pres. Carol Burgess, Vice Pres. Barbara Ure, Sec., Treasurer Rusty Chobot, Jon Geldzahler, Knox Fitzpatrick, Rogers Skien, Jim Gooch, Leslie Stringham, Bobby Young, Joe Tucker, Rae Ashton, Doug Arnold, Kerry Hawkes, Judith Kassel.

# ASSEMBLIES

New this year was the activity period with assemblies and forums on alternating Tuesdays. A variety of timely and interesting lecturers spoke on topics ranging from women's rights to computer graphics. On the lighter side, movies, readings, cartoons, and a senior slave auction were presented by the Activities Committee. Forum, under the direction of the Ad Hoc Committee, gave students the opportunity to verbalize freely on pertinent issues of our times.

It's 1 A.M., several days after the final yearbook deadline, and we're all here wondering "why?" Les and Kris are fighting a losing battle with photochemicals in the darkroom. Duncan is sorting through completed pages for the forty-seventh time in a vain attempt to coordinate their page numbers. Alice is off banging away on a typewriter, trying to lengthen, shorten, divide and combine her copy sheets to match an ever fluctuating layout. And Quentin is playing with paper clips. Yet somehow, through it all, there is a yearbook in front of you. Don't think it wasn't fun because it . . . well, I guess it was. I guess the main point here is that we never could have done it without Mr. Cooley's 7-Up. Adios.

Sky hazed pale pink  
Across the silence of cedar and sage  
Gathers of light pass by

And all awaits the sun.
